Ben and I just finished talking with Lisa Guarneiri. She is requesting that we submit a comprehensive cost estimate of all funding needs (payroll, travel, removal) for all of the regions. I need to speak with Steve Way but I think that we should incorporate Regions 6 and 9 response costs and planned work into the AM that we are drafting, as well as the costs for locals that we are funding (La Plata, San Juan, etc). Once I've spoken with Steve, we'll see how we draft up the AM. - lw

Hello all,

I did speak with David last night regarding the requests from R9 on tapping into our ERRS, START,. He asked that I provide an overview of what R9 is requesting and then maybe including them as additional entity with HQ (lack of better term) when discussing additional funding.

Ben and Laura....your thoughts.

Thank you

Hi Laura,

Please see trailing email from Christine Portillos. I spoke with Joni this morning and she said you or David would need to decide. Thx.

Rich, I know it might be hard to speak with Joni right now, but please talk to her about this possibility.

R6 would like to know if they should be writing up their own action memo or can they tag on to R8's 6 mil ERRS contract?

Thank you
